Mr. Robert M. Macy
Chief, International Division
Bureau of the Budget
Washington 25, D. C.

Dear Mr. Macy:

This letter is in response to your memorandum of 30 October to the Executive Secretary of the USIB requesting a copy of the USIB report relating to Recommendation No. 32 of the Joint Study Group Report.

That Recommendation, as approved by the President, requires the United States Intelligence Board to review future plans and programs of each member of the community for consistency and proper allocation of effort at the beginning of each annual budget cycle, as a basis for guidance and coordination to the community and for reporting to the NSC annually.

Pursuant thereto, the USIB has considered the attached analysis of the foreign intelligence programs of the USIB member agencies for FY 1963 compared with FY 1962, prepared by the Coordination Staff of the Director of Central Intelligence on the basis of information submitted by USIB member agencies.

The agency programs summarized herein are based upon the tentative plans and estimates of each USIB member agency, and are therefore subject to further review and revision in accordance with the normal budgetary process. In addition, the activation of the Defense Intelligence Agency will undoubtedly result in modifications of the military service programs as described in the attachment.

The United States Intelligence Board, after consideration of the attached analysis, has agreed to the following actions:

- a. Consistent with approved Joint Study Group Recommendation No. 9, endorse in principle the need for the procurement of improved ELINT collection and processing equipment. (See page 4 of attachment.)
